BUSINESS CONTINUITY 22301 FOUNDATION

FUNDAMENTAL KNOWLEDGE TO MANAGE AND MAINTAIN AN BUSINESS CONTINUITY MANAGEMENT SYSTEM

FUNDAMENTAL KNOWLEDGE TRAINING COURSE TO ESTABLISH AND OPERATE AN BUSINESS CONTINUITY MANAGEMENT SYSTEM (BCMS), BASED ON ISO 22301

The Business Continuity 22301 Foundation course is based on ISO 22301. The course follows a real-world adapted case-study approach so students can be better prepared to apply the concepts of this ISO Business Continuity standard in a real-world scenario. This course prepares the students to support the establishment and operation of an BCMS based on ISO 22301 and provides them the fundamental knowledge on the audit concepts, principles and best practices based on ISO 19011.

- Business Continuity, Information Security and/or IT Consultants, Auditors, Managers or Risk Professionals
- Any Executive or Senior Manager responsible to ensure the alignment and delivery of value from business continuity management best practices to the organization
- Professionals responsible for the Business Continuity/IT Governance on the organization
- Any professional, either, Business Continuity, IT, Information Security, business or any other, involved on the establishment, implementation, operations and/or continual improvement of a Business Continuity Management System (BCMS) based on ISO 22301
- Anyone who wants to learn the fundamentals of ISO 22301

WHAT WILL YOU LEARN?

- Understand the fundamental business continuity concepts, and the main requirements of ISO 22301
- Get to know and understand the correlation of the ISO 22300 family standards, including ISO 22301, ISO 22313, and related ISO and other best practices, legislation, and regulation
- Support an organization on the implementation and operation of an BCMS based on ISO 22301, as part of an BCMS implementation team and/or during an implementation project
- Understand the fundamental audit concepts and principles based on the ISO 19011 standard
- Understand the several business continuity related source of requirements to discuss with the peers about relevant subjects to the maintenance and improvement of business continuity management on the organization
